The Reviews are In...

Check out what a group of bloggers had to say about AbbeyPost Made to Measure!

We know that our dresses are fantastic. But you don't have to take your word for it.

We recently asked a bunch of bloggers to try out AbbeyPost Made to Measure (<http://abbeypost.com>) themselves, and let us and their readers know what they think. Shopping for plus size dresses online can be iffy, and reviews can help you know what you're getting.

Rachelle of Madame Deals (<http://madamedeals.com/abbey-post-custom-dress-review/>) has been converted to the world of custom sizing:

I am now a firm believer that every woman should have at least 1 dress in their closet that was custom made for them!

(Obviously, we agree!) Rachelle calls her AbbeyPost Made to Measure [Julia](http://abbeypost.com/shop/julia.html#.UzMiVS-gLOU) (<http://abbeypost.com/shop/julia.html#.UzMiVS-gLOU>) dress the most comfortable dress she owns. All because it fits perfectly. What more could you want? Julia of [Sweet Pea Savings](http://sweetpeasavings.com/abbeypost-made-to-measure-dresses-review/) (<http://sweetpeasavings.com/abbeypost-made-to-measure-dresses-review/>) went with our [Kim](http://abbeypost.com/shop/kim.html#.UzMjNy-gLOU) (<http://abbeypost.com/shop/kim.html#.UzMjNy-gLOU>) wrap dress in classic black. She loved that we made the dress to her measurements – no more worrying that the dress you bought online isn't going to fit. Which is a concern we all have – is there anything worse than having to return or exchange a new dress? Well, OK there are a lot of things worse than that. But it stinks and shouldn't have to be part of our regular shopping routines.

Julia also likes that our wrap dresses are real wrap dresses – if you lose weight, you can just tie the dress tighter. Read Julia’s full review [here](http://sweetpeasavings.com/abbeypost-made-to-measure-dresses-review/) (<http://sweetpeasavings.com/abbeypost-made-to-measure-dresses-review/>).

Super Frugal Stephanie said:

The style, quality, price and fit was perfect.

Mission accomplished. Stephanie found the fabric a little clingy, but not so much that she wouldn't buy another Abbey{Post Made to Measure dress. We're taking that under advisement, and in the meantime a good-quality slip can help with with any fabric that's hugging your curves more than you'd like. Mary, who is [Plum Crazy About Coupons](http://plumcrazyaboutcoupons.com)

<http://plumcrazyaboutcoupons.com/abbeypost-made-to-measure-custom-dress/> will be wearing her new red [Julia](http://abbeypost.com/shop/julia.html#.UzMiVS-gLOU)

<http://abbeypost.com/shop/julia.html#.UzMiVS-gLOU> dress on a cruise.

Overall, I love the way the dress fits. It is probably the first time in my life that a dress fit correctly on all parts of my body. I can't wait until they are open for business, because it is my go to place from now on.

That's awesome to hear! Mary has an Oval shape, and many Oval shaped women (whether or not they are plus size) find they have a hard time finding dresses that really work for them.

Even if you are some other body shape, you'll find convenient icons on each product page to help you choose the best style for your body. Choose from Hourglass, Triangle, Inverted Triangle, Oval or Rectangle. Hardly any woman is shaped like a model, so made to measure clothes solve a problem that we've all had for most of our lives. Fit is such a simple and basic thing, and yet the right fit makes a huge difference in how your clothes look and feel. That's what AbbeyPost Made to Measure is all about – making you comfortable and stylish at the same time.

[Blogging Mom of 4 \(http://bloggingmomof4.com/my-red-carpet-premiere-custom-dress/\)](http://bloggingmomof4.com/my-red-carpet-premiere-custom-dress/) Dawn wore her [Rachel](#)

http://abbeypost.com/shop/rachel.html#.UzMo_y-gLOU dress on the red carpet. An actual movie premiere red carpet in Hollywood! So cool, right??

The dress arrived and fit perfectly. I was so overjoyed. And again, I think my fellow pears would understand. I never feel confident in a dress but this one I did.

Dresses can be a problem for pear shaped women because their tops and bottoms are different sizes entirely. Wrap dresses can fit despite the imbalance, and a wrap dress made to your measurements makes the size difference a complete non-issue.

Katie of [You Brew My Tea](http://www.youbrewmytea.com/2014/03/abbey-post-made-to-measure-wrap-dress.html) (<http://www.youbrewmytea.com/2014/03/abbey-post-made-to-measure-wrap-dress.html>) loves her bold red [Kim](http://abbeypost.com/shop/kim.html#.UzMjNy-gLOU) (<http://abbeypost.com/shop/kim.html#.UzMjNy-gLOU>) wrap dress. Since she has an inverted triangle shape, she has trouble finding dresses that fit her top without being way too big for the rest of her body. AbbeyPost Made to Measure to the rescue! She's been wearing her new dress everywhere, dressed up or down as the situation requires. But she got the [Shala](http://abbeypost.com/shop/shala.html) (<http://abbeypost.com/shop/shala.html>) wrap maxi dress in green, and wore it on a cruise, and she looks great! Here's what she had to say:

It has a soft and silky feel, fits great, makes me feel pretty.

Shouldn't all of our clothes make us feel pretty? They do when they fit perfectly. I have been invited to a movie red carpet premier at Paramount Studios and do not have a nice red carpet dress. Can you help?
